

Low Profile Livestock Trailer

Showstar Bumper Pull

Showstar with Polished Aluminum
and Black Side Sheet

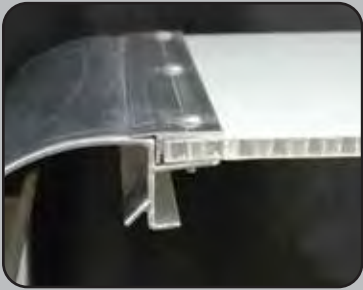

Showstar with Drop Down Windows

better by design. it's the Cimarron Way

Cimarron's signature attention to detail makes the SHOWSTAR the premiere low profile product on the market. The SHOWSTAR is hand-crafted with the exceptional features standard to all Cimarron trailers including an insulated roof, tongue & groove –interlocking flooring with cross-members on 4" centers, and extruded aluminum hinges with grease zerts. Cimarron is focused on the safety and comfort of your livestock during transport. Modern design elements from radius edges on extrusions to ultra-quiet latches, make a Cimarron Trailer a pleasure to haul and operate. They are also loaded with innovative features that make hauling smaller animals easier, like our versatile pen management system and standard rear ramp. SHOWSTAR models are available in variety of heights, widths, and lengths. Each SHOWSTAR model can be customized to meet your individual style and needs.
